

1 INTRODUCTION

1.1 Overview

A brief description about your project

I have chose to make a website on education domain.

I named it as **SRANK UNIVERSITY**

SRANK UNIVERSITY is San Diego's best Reggio university offering organic meals and serving the greater San Diego area including Poway, Mission Valley, La Mesa, Allied Gardens and Kensington. Our preschool was created to provide enriching, quality care through play-based learning. We offer a clean and inviting environment and healthy, organic food will always be served. Whether you need full-time or part-time care, you will find that SRANK UNIVERSITY is the perfect place for your child. Feel free to browse our interactive website to learn more about the best preschool and daycare in San Diego! You can contact us anytime and we would love to meet you and your Little Sprout!

1.2 Purpose

The use of this project. What can be achieved using this.

Today each and everyone need education through this site one can go through about the Srank University . Using this we can give a basic idea to the viewer about the working of a university

2 LITERATURE SURVEY

2.1 Existing problem

Existing approaches or method to solve this problem

Few of the websites dont have any proper options or information about their university or school . producing a proper education is our aim
different things has to be changed and certain implementations has to be done

2.2 Proposed solution

What is the method or solution suggested by you?

all the important things has to be provided in the particular website

3 THEORITICAL ANALYSIS

3.1 Block diagram

Diagrammatic overview of the project.

the website has to contain all the information

- home page
- about website page
- for education domain the main things like
 - a.activities page
 - b.career
 - c.story of university

- d.calender page
- e.career option page
- f.student login
- g.staff login
- h.administration
- i.examination timetables
- j.examination results
- k.locations
- l.scholarships offered

and many more things or information has to be provided in a education domain

3.2 Hardware / Software designing

Hardware and software requirements of the project

bitnami wordpress software

wordpress installation

4 EXPERIMENTAL INVESTIGATIONS

Analysis or the investigation made while working on the solution.

working with wordpress

building a perfect education website providing all the information and details

5 FLOWCHART

Diagram showing the control flow of the solution

- home page
- about website page
- for education domain the main things like
 - activities page
 - career
 - story of university
 - calender page
 - career option page
 - student login
 - staff login
 - administration
 - examination timetables
 - examination results
 - locations
 - scholarships offered

6 RESULT

Final findings (Output) of the project along with screenshots.

SRANK UNIVERSITY

A Family Of Learning

SRANK UNIVERSITY is San Diego's best Reggio university offering organic meals and serving the greater San Diego area including Poway, Mission Valley, La Mesa, Allied Gardens and Kensington. Our preschool was created to provide enriching, quality care through play-based learning. We offer a clean and inviting environment and healthy, organic food will always be served. Whether you need full-time or part-time care, you will find that SRANK UNIVERSITY is the perfect place for your child. Feel free to browse our interactive website to learn more about the best preschool and daycare in San Diego! You can contact us anytime and we would love to meet you and your Little Sprout!

One of the basic ideals of **Srank University** is to achieve an intellectual synthesis of oriental and occidental learning of the best that has been thought of and said, both in the East and in the West. Further it aims at a cultural synthesis (as reflected in its architectural variety), the development of a national ethos, and the creation of an academic and social environment in which 'National Integration' is not a nebulous idea but a tangible reality.

The birth of **Srank University** almost coincided with the birth of a new order arising from the ashes of the First World War. Its origin was basically patriotic. It was a revolt against the supremacy of the foreign language in India. On the revolutionary experiment of using a regional language as a medium of higher education the Nobel Laureate poet, Rabindranth Tagore, observed:

"I have long been waiting for the day when, freed from the shackles of a foreign language, our education becomes naturally accessible to all our people. It is a problem for the solution of which we look to our Native States, and it gives me great joy to know that your State proposes to found a University in which instructions are to be given through the medium of Urdu. It is needless to say that

STAFF LOGIN

7 ADVANTAGES & DISADVANTAGES

List of advantages and disadvantages of the proposed solution

Advantages : Information which has to be provided in a basic education domain has been provided

Disadvantages: the text used in my website is a fake text couldnt give the exact text as a normal website contains

8 APPLICATIONS

The areas where this solution can be applied

Wordpress website

9 CONCLUSION

Conclusion summarizing the entire work and findings.

Summarizing this I used bitnami worpress software for building the education domain im a beginner and I ahve no idea about the wordpress or creating websites using wordpress

10 FUTURE SCOPE

Enhancements that can be made in the future.

I still have to learn many things to build a perfect website

11 BIBILOGRAPHY

References of previous works or websites visited/books referred for analysis about the project, solution previous findings etc.

I reffered sandiago school website , osmania university website , I have gone through the three days session of godaddy smartinternz weba thon program

APPENDIX

A. Source Code- none
